Interested in poker as a home game for leisure since seeing the idea on multiple American TV programmes, but only discovered Texas Hold 'Em in January 2003 and has (subject to time and other matters) been regularly playing online and live ever since.

Angela Lidbury - Warehouse Manager

Started 27th October 2003; Angela has been a reliable picker and packer who only works during non-school terms.

Brief company history and significant events April 1997 The idea to create a dedicated supplier of casino equipment was born from owner's attendance and enjoyment at a charity fun casino.

August 1998 First purchase of casino equipment from America

September 1998 First machine to print chips was purchased

October 1998 First casino hire completed, actually 2 charity events very close together followed by several birthday party events. This created a whole new unexpected business idea.

30th April 1999 casino-uk was the first URL that was bought to publish this business area on the internet. This can be verified on the whois register.

October 1999 First corporate fun casino event successfully catered for a local business with equipment more like a real casino.

1st February 2000 First purchase of casino equipment from Asia

12th July 2000 The URL casino-shop.co.uk was purchased to create a dedicated site for equipment sales.

13th February 2001 Corporate hire successfully fulfils 50 table fun casino event on behalf of IBM USA at the Hilton Metropole Edgware Road. This was for one night only and was larger than any real UK casino.

1st June 2001 First purchase of dedicated van. A 2nd hand high top long wheel based Mercedes Sprinter.

1st January 2002 Owner decides to concentrate on casino businesses and make previous business operating since September 1989 of writing computer games dormant. This company supplied approximately 50,000 private mail orders and developed over 20 products. Many more units went to wholesale for retail sale during 13 years of business.

23rd October 2003 Purchased and installed a semi automatic chip printing machine.

1st December 2003 Private casino hire business sold to Matthew Neil.

1st July 2004 Doubled size of storage with additional rented warehouse.

1st March 2005 Sold our ebay business to another company because of punitive margins achieved whilst maintaining high standard level of service to customers.

14th April 2005 Purchased a new warehouse doubling storage capacity.

7th July 2005 Moved the majority of stock and day to day operations into new warehouse. Some goods remain at the former premises.

20th September 2005 poker-shop was approached by an ebay poker chip trader (pokerpassion) that wished to sell up.

23rd December 2005 Purchase a brand new Ford high top long wheel based van.

1st March 2007 Yet another Ebay trader (badbeat) giving up the business and approach us to buy their hard to sell stock.

2007 poker-shop successfully completes its largest ever branded chip order for 2.2m chips in September.

Our largest rival is quietly put up for sale we only discover this several months later and make some enquiries. As a result we are informed that poker-shop is the market leader. After a chat with the owner and some accounts are overviewed we subsequently make an offer to take over this

smaller competitor. Unfortunately, after indicating and being offered pretty much what was first verbally said to be acceptable albeit with conditional terms the owner suddenly gives unrealistic expectations that destined the offer to failure thereafter.

2008 With the start of the credit crunch the corporate entertainment market became one of the areas hardest hit; trade subsequently tails off during this year.

2009 The largest rival fails to make any sale of their business and they come to an agreement with another long established real casino equipment supplier to store their stock and fulfil their websites orders; we pick up several new trade customers as a result of this change in their logistics.

2010 As turnover continues to decline less full time staff are employed through natural wastage.

2011 We discover our formally biggest rival now makes a deal with another competitor to effectively withdraw from the market by selling their remaining stock to them.

2012 Another rival that did a lot of trade in reselling withdraws from the marketplace to concentrate on more profitable lines. As a result of this several small competitors also disappear or end up dealing with poker-shop and encourages in a slight increase in trade during this year.

May 2024 Due to smoke damage caused by a fire at Unit 4 Fletcher Square we brought forward plans to move to our previous smaller premises at PC House, St Johns Road, Westcliff.

2024 Turnover increases slightly in this year.

August 2024 We finally secure a new Ground floor workshop type premises to relocate to and move there.
